### **Two Yard Success Stories**

Congratulations to Jo Donahue and Bruce Steck both of Stuart, for their recent Florida Friendly Yard Recognition. Donahue qualified as Golden Oak Level and Steck qualified as Silver Palmetto for having their yards recognized by the University of Florida's Florida Yards & Neighborhoods (FYN) Program under the direction of Multi-County Agent, Fred Burkey.

Martin County Master Gardeners, under the direction of FYN Assistant, Pat Bonis, go into the community and oversee this program to reward home owners for maintaining their yards and property in a "Florida Friendly" manner complying with the University guidelines.

Congratulations and keep up the great work!
